IMPORTANT Baggage Information

Airline Baggage Limits: 2 pieces of luggage per passenger - 50 lbs per piece
62 linear inches (total length + width height) per piece

Because of our minivan capacity and room in the dorm, please plan on bringing **only one piece of luggage**. There are exceptions to the one-piece rule, so please talk to Yvonne Murray ahead of time if you are bringing a second piece of luggage. Each of you will receive a specially marked/colored luggage tag and ribbon at the airport to put on your bag before checking-in. If you lock your luggage, use only TSA authorized locks.

Sleeping Bags: If you cannot pack your sleeping bag in your one piece of luggage, we will have duffel bags to hold several sleeping bags, which we will pack at the airport. Some people will be asked to check these duffel bags as their second piece of luggage. Families should pack their sleeping bags in a second piece of luggage.

Questions? Please contact Yvonne Murray at ymurray@adobe.com or 408 930-3733.
